The Monrovia Shadow

who knows what evil lurks in the hearts of our city officials

Chinese Theater Coming to Monrovia

Hollywood has Grauman's Chinese Theater and now Monrovia has a Chinese Theater to call it's own. Sure, the Hollywood theater is an IMAX, with one of the biggest screens in the country. However, in true Chinese style our Chinese theater will be a knock-off of the real thing just as in the past. Monrovia can look forward to classic Chinese films such as, *Gone With the Wind*, *King Kong*, *Citizen Chang*, and *One Flew Over the Cooles Nest*.

The Shadow Says 'No' to rotating Mayor

The sorry city council is again bringing up the idea of rotating the mayor position among members of the city council. The Shadow doesn't approve. The mayor should be an elected position from the vote of the people. The city council positions are at a lower level of expectations and should be led by a specifically elected leader. While it is true that few Monrovia know who is the mayor, even fewer know anyone sitting on our council. If the council members want to be mayor they can run for the position.

Anybody seen our
mayor or council?

Pawn Shop Graces Old Town

How many cities can brag that they have a pawn shop in the most cherished part of town. Who wants to pay \$2700 a month and up for an apartment and live next to a pawn shop? His pawn shop is not only a blight on the face of Monrovia but owner Rob Hammond has taken advantage of every opportunity to enrich himself at the expense of our once fine city. Rob, now doing his damage on the school board needs to be sent packing to be around other lowlife's and out from any responsibility in our city.

Parking Woes in Monrovia

Has anyone noticed the increase in overnight parking on residential streets in our town? The Shadow can't even open his door without staring down a line of cars. All of this increased multi-family housing is taking a toll on the once serene city of yesteryear.

This Old House

The Shadow challenges the Planning Commission to step in and stop allowing builders to tear down single houses and replace them with two or more houses. Subdividing larger lots in the prime North Foothills neighborhood sets a precedent. We don't want to lose the charm and ambience of this neighborhood. You have the power to change codes and stop the greedy developers.

Monrovia: A Dog's Life

Buster Bentley Circle Drive coming to our town. Naming a street after a dog is long overdue. As it is now, we have streets named for flowers, plants, trees, our beloved founder, and a corrupt past mayor. The Shadow will be donating a replica fire hydrant for doggie relief.

Bark, Bark, for a Dog Park

Big dogs, small dogs, all over town are begging for a park to call their own. Where oh where has my little dog gone? Not to the doggohe dog park because we don't have one. Come along little doggies, make your voices heard for a park. Build it and they will come. Let's have a howlin' good time.
